MAKES APPEAL FOR STRICKEN JAPANESE

President Wilson, as Head of Red Cross in this Country, Issues Call for Funds for Earthquake Victims. Washington, January 15.—President Wilson late today issued an appeal to the American people as president of the American Red Cross for funds to assist the people of Japan, who are suffering not only from the earthquake, but from the failure of crops.

The President's appeal follows:

"Our sister nation of Japan is suffering from two very serious disasters. The failure of crops in the northeastern part of that country has brought hundreds of thousands of persons face to face with the terrible misery of slow starvation, and in the southwestern island of Kyushu a sudden great volcanic eruption has carried death and desolation to large numbers in a thickly populated district.

"I appeal to the humanity of our American people that they may give expression to their sympathy for the suffering and distress of so many of their fellow men by generous contributions for their aid. Such contributions can be made to the local Red Cross treasurers or sent directly to the American Red Cross, Washington, D. C."

Red Cross headquarters announced tonight that an appeal had been sent out to all State chapters asking local chapters to gather the funds.

Navy League Starts Fund.

Col. Robert M. Thompson, chairman of the executive committee of the Navy League of the United States, started a subscription list with \$1,250, to which other members of the League and officers of the navy added.

This cablegram was sent to Viscount Kaneko, of the American Friends Society, of Tokio:

"Instruct Red Cross to draw on 'the navy.' Southern building, Washington, D. C., for twenty-five hundred yen. This is sent to sufferers of volcanic eruption by officers and friends of our navy in recognition of the kindness shown our fleet when visiting Japan."

Col. Thompson was a schoolmate of Admiral Uriu at the United States Naval Academy forty years ago.

People Terrified.

Kagoshima, Japan, January 15.—Houses on the island of Sakura that were left standing are enveloped in lava and resemble gigantic wasps. Fugitives who have returned are still terrified and refused to enter their homes, except to make a hurried search for valuables.

The western part of the island is coated thickly with melted sulphur. The southern part is covered with deposits of ashes. The condition of the central part is obscured by the heavy smoke.

The staff of the Kagoshima observatory throughout the eruptions remained at their posts facing extermination. They recorded each phase, although almost suffocated by poisonous gases.

Witnessed Eruption.

Koke, Japan, Jan. 15.—The Ryukyunmaru, a passenger steamer, has arrived here after rescuing 158 inhabitants of the village of Yumara, on the island of Sakura-Jima.

The captain of the steamer witnessed the eruption of the volcano. Flames leaped from the ground, setting the villages on fire. While the steamer lay off shore ashes to the depth of a foot fell on her deck. On the way to Kobe there was a pall of ashes like a dense fog.

Near Chirin Island a severe submarine upheaval shook the vessel. The captain endeavored to call at Aburatsubo, on the island of Kuchibu, but was unable to advance without danger.

Card of Thanks.

We desire to express our sincere thanks to our many friends, who were so kind to us in our sad bereavement.

IF HEADACHY, DIZZY, BILIOUS, "CASCARETS"

Your Liver is full of Bile; Bowels Clogged, Stomach Sour, Tongue Coated, Breath Bad.

Get a 10-cent box now.

You're bilious! You have a throbbing sensation in your head, a bad taste in your mouth, your eyes burn, your skin is yellow, with dark rings under your eyes; your lips are parched. No wonder you feel ugly, mean and ill-tempered. Your system is full of bile not properly passed off, and what you need is a cleaning up inside. Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember that most disorders of the stomach, liver and bowels are cured by morning with gentle, thorough Cascarets—they work while you sleep. A 10-cent box from your druggist will keep your liver and bowels clean; stomach sweet, and your head clear for months. Children love to take Cascarets, because they taste good and never gripe or sicken.

G. W. GAGE MADE ASSOCIATE JUSTICE

Legislature Plunges Into Elections and Wastes Little Time in Reaching Decision.

Columbia, Jan. 15.—The General Assembly today plunged right into the elections that were scheduled and made some headway. As was suggested in The News and Courier several days ago, the lead that Judge George W. Gage had at that time was maintained, and he was elected to the position of Associate Justice to fill the position vacated by Judge C. A. Woods, who has taken his place on the Federal bench. Judge Gage was elected on the second ballot. Of course, the election of Judge Gage to the Supreme Court left vacant the position that he had so worthily filled. There were four names presented for this honor, Messrs Ernest Moore, of Lancaster; G. W. S. Hart, of Yorkville; G. W. Ragsdale, of Winnsboro, and Solicitor J. K. Henry, of Chester. The judicial mantle fell on Mr. Ernest Moore, who was elected on the first ballot, receiving the exact number of votes necessary for his election. In the other elections for Circuit Judgeships the incumbent judges were all re-elected without opposition. These honors falling to:

First circuit, I. U. Bowman, of Orangeburg; 2d circuit, H. F. Rice, of Aiken; 3d circuit, John S. Wilson, of Manning; 4th circuit, Thos. H. Spain, of Darlington; 5th circuit, Frank B. Gary, of Abbeville.

The re-election of Judge Eugene B. Gary, as Chief Justice of the Supreme Court was purely a matter of form, as there was no opposition to him, the precedent always being in favor of the re-election of the Chief Justice where he renders faithful and efficient service.

Matters From Senate End.

The House prior to entering into the elections, spent forty-five minutes in disposing of matters that came from the Senate side, in the reception of new bills and references of these and the hearing of the special message from the governor with reference to the expenditure of certain funds that are appropriated to the governor in connection with the better enforcement of the law, requisitions, etc., and the economies he had practiced.

Yesterday the House took up for a few moments Mr. Baskin's bill which sought to repeal the Act requiring railroads selling mileage books to receive the coupons on the trains. Today, after a short spell, the bill died, the enacting words being stricken out on an aye and nay vote. The idea of the House seemed to be that it did not wish the railroads even remotely to force legislation upon this matter.

Asylum Bill.

The House took up for consideration the very important bill fathered by Messrs. Kibler, Belser and Robinson, which provides for the handling of the Asylum property in the city of Columbia when the plant is moved to its new domicile. In effect this proposition is to provide for an independent commission to handle the sale of the property with a minimum price of \$1,000,000. Of course, it is not known what the General Assembly will do as there are several pending suggestions. One is to handle the property through the sinking fund commission, another of Mr. Long, of Aiken, to inaugurate a ground rent system, and a third to handle it through an independent commission of business men, and a fourth to hold the property for future uses. This is unquestionably one of the most important matters for consideration during the present session.

On the Senate Side.

Over on the Senate side the session was not quite as long as that on the House side. There was some discussion on the part of Mr. Laney on his bill which seeks to prevent the changing of school text books, except once in ten years, and then with legislative approval. Mr. Laney simply "started something" and incidentally said he did not think much of the present books, but was utterly opposed to frequent changes.

The Senate today recommitted to the railroad committee the Carlisle bill, which started out relative to the building of a suitable passenger depot at Spartanburg. Mr. Clifton had an amendment adopted which seeks to provide for a union passenger station at Sumter and it is with special reference to this phase of the bill that a hearing is to be had on the bill tomorrow afternoon at 4 o'clock. The purpose is to hear any one interested either in the Spartanburg or Sumter depot situation, but especially to discuss the Sumter project. The bill is to retain its place on the Calendar.

Senator Earle's bill relative to telephone charges was recommitted at his instance.

at this hearing on Tuesday.

Tomorrow has been set on the House side for the delivery of eulogies in memory of the late Messrs W. E. James, Geo. R. Rembert and Mr. Schroeder. The House will immediately after disposing of routine matters enter into this memorial service and nothing much will be done tomorrow on that account.

IN MEMORIAM

Whereas, the Great and Supreme Ruler of the universe has in His infinite wisdom removed from among us one of our esteemed fellow laborers, Bro. J. R. Britt, and whereas the intimate relation held with him in the faithful discharge of his duties in this lodge makes it eminently befitting that we record our appreciation of him, therefore, be it resolved;

First, That Princeton Lodge No. 129, A. F. M., has sustained an irreparable loss

Second, That the wisdom and ability which he has exercised in the aid of our organization by service, contribution and counsel will be held in grateful remembrance.

Third, that the removal of such a life from our midst leaves vacancy and shadow that will be deeply realized by all the members and friends of this lodge and will prove a serious loss to the community and the public.

Fourth, that with deep sympathy with the bereaved relatives of the deceased we express our hope that even so great a loss to us all may be overruled for good by Him who doeth all things well.

Fifth, that a copy of these resolutions be spread upon the records of the lodge, a copy printed in the local papers and a copy suitably engrossed, forwarded the bereaved family.

E. E. Simpson,
J. T. Machen,
N. B. Wood,
Committee.

FIVE MINUTES CURE IF STOMACH IS BAD

When "Pape's Diapepsin" reaches Stomach all Indigestion, Gas and Sourness Disappears.

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain unfailing action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms gas; causes headache, dizziness and nausea; eructation of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.

If you bury your money some one may SEE you or may find it. You might die without anybody knowing of its whereabouts. If you hide it behind a picture, under the carpet, in a sugar bowl or the coal bin, a burglar can just come and get it. That's the burglar's business.
